

# Niebla en la Cumbre

Patrick Woodhead, Sonia Tapia

To Luca Matthews the dangers of the high mountain peaks are the air upon which he thrives. In the ruthless pursuit of his goals he would sacrifice anything - even another climbers life. His friends and family know and fear it. So when he sights a virgin peak in the Himalayas that exists on no map, no one is surprised when he becomes obsessed with being the first to scale it. Together with his climbing partner, Bill Taylor, they set off into a region of Tibet highly restricted by the Chinese. But a freak accident puts one of their team in mortal danger and it is left to a local Tibetan girl to lead them to Geltang, a monastery that has been hidden from the outside world since the Chinese Cultural Revolution, when most of the monasteries were pillaged and burned. Soon, as the Chinese secret police get wind of them, Luca and Bill find themselves embroiled in an age-old struggle, not for their lives but to protect the precious secret that Geltang hides and the legacy of Tibet itself.
